There is also lot of projects going on . Both Global Grant and District Grant in our zone. I feel it is a growing interest of doing projects both locally and internatioally .

E/MGA Endowment Gift Adviser Ingrid Granum Berget have given following report:

A lot of people in our part of the world owns houses , cars, homes in the country,boats etc. All together the are wealthy, but they do not have much cash. The same people want to do good in the world and to contribute to better societies. What most of them do not know, is that it is easy to leave a legacy and make a bequest. In that way they can do good beyond their lifetime. For more information, please contact ingrid.berget@gmail.com
