Tips of the Month

Would you like to...

...find ideas to engage members while we're physically distancing ourselves from each other? Here are some resources to help:

- Watch membership webinars and speeches from recent conventions and the International Assembly in the new [Club Programming collection](#) on Vimeo.

- Discover the professional and personal development opportunities in the [Learning Center](#) and learn new skills from your home.

- Encourage your members to exchange ideas and resources in the [Meeting Online learning topic](#) in the Learning Center.

Consult [this page](#) for more resources and don't forget to subscribe to our bimonthly newsletter [Membership Minute](#).

Did you know that...

...Rotary has a new PowerPoint customizable template that helps clubs promote Rotary service, share their People of Action stories, and conduct training sessions while strengthening Rotary's brand? Encourage your clubs to update their presentations by downloading the new template in the [Brand Center](#). You will also find brand new virtual backgrounds for your online meetings. Don't miss them!

District Membership Profile

Interested to have an overview of your district's membership trends at a glance? Have a look at the one-page document called *District Membership Profile* now available to all the district officers in the section 'Reports' of Rotary Club Central. The profile provides a detailed analysis of your district's membership development over the last 5 years, including statistics on gender, age, retention, terminations and admissions.
